

## Splitable Needles

## Peel-Away Catheter Introducers

ClearView Right Angle Infusion Sets feature the deflected/

The Peel-Away introducer can be used for precise catheter placement. These high quality introducers are 3.75 cm/1.5code2utf('39',0)code2utf('39',0) long and available for catheter sizes 2-7 French.

Because these introducers peel apart cleanly they are an ideal way to introduce a catheter that has a luer connection.
