Packaging

Rabbits Breeding
Bag of 20 kg
Not irradiated: 40 bags per palet
Irradiated: 48 bags per palet (minimum 10 kGy)

Shelf life

6 months after production date
Store in a dark, dry and cool place

The values of the products are given as indication only and have no contractual value.
They are calculated averages of product analysis results before irradiation and autoclaving.
Depending on production conditions, storage and analytical methods variations may occur.
